- 2. Reporting Requirements. Within 90 days following the conclusion of a contract issued by the Texas Department of Housing and Community Affairs or, at the option of the contracting party, within 90 days following the conclusion of the contracting party's fiscal year during which a contract was in force, the contracting party shall provide to the Executive Director a full accounting of state funds expended under the terms of the contract. This requirement shall be a part of any contract entered into by the department and contracting entities. Failure of a contracting party to provide full accounting of state funds expended under the terms of any contract under the conditions stated above shall be sufficient reason to terminate that contract and for the department to deny any future contracts to that contracting party.
- 3. **Housing Assistance.** The housing finance division shall adopt an annual goal to apply no less than \$30,000,000 of the division's total housing funds toward housing assistance for individuals and families in which the annual family income does not exceed the following amounts based on the number of persons in the family:

Number of Persons in the family	Maximum annual Income
1 Person	\$13,000
2 Persons	\$16,000
3 Persons	\$17,000
4 Persons	\$19,000
5 Persons	\$21,000

For each additional person add \$1,500. No less than 20 percent of the division's total housing funds shall be spent for individuals and families earning between 31 percent and 60 percent of median family income. In those counties where the median family income is lower than the state average median family income, the department shall use the average state median income in interpreting this rider. The department shall provide a quarterly report to the Legislative Budget Board documenting its expenditures in each income category.

4. Coordination with Texas Water Development Board. The Texas Department of Housing and Community Affairs (TDHCA) and the Texas Water Development Board (TWDB) shall continue to coordinate funds as outlined in a Memorandum of Understanding (MOU) so as to assure that none of the funds appropriated above are expended in a manner that aids the

proliferation of colonias or are otherwise used in a manner inconsistent with the intent of the Economically Distressed Areas Program (EDAP) operated by the Texas Water Development Board (TWDB); and maximize delivery of the funds and minimize administrative delay in their expenditure. The MOU shall be amended, if necessary, prior to the distribution of the Colonia Fund in fiscal years 2002 and 2003. In distributing funds out of the Colonia Fund, the TDHCA shall provide top funding priority to those projects that are in EDAP-funded areas and which assist colonia residents who cannot afford the cost of service lines, hook-ups, and plumbing improvements associated with being connected to an EDAP-funded system. None of the funds appropriated above for Strategy B.2.1, Development Projects Grants, may be expended in EDAP-eligible counties that have not adopted, or are not enforcing, the Model Subdivision Rules established pursuant to § 16.343 of the Water Code. No later than September 15, 2002, the TDHCA and the TWDB shall submit a joint report to the Legislative Budget Board that describes and analyzes the effectiveness of projects funded as a result of coordinated Colonia Fund/EDAP efforts including an estimate of the amount each agency has saved by reduced duplication of efforts.

5. **Reimbursement of Advisory Committee Members.** Pursuant to VTCS, Government Code § 2110.004, reimbursement of expenses for advisory committee members, out of funds appropriated above, is limited to the following advisory committees:

Texas Weatherization Policy Advisory Council State Interagency Council for the Homeless Consolidated Plan/State Low Income Housing Plan Committee State Community Development Review Committee Colonia Residents Advisory Committee Colonia Advisory Committee

- 6. **Local Site Visits.** From monies appropriated above, when the Texas Department of Housing and Community Affairs receives a letter from the mayor or county judge of an affected city or county opposing an application for a federal tax incentive to develop rental housing, a site visit by an employee of the Texas Department of Housing and Community Affairs with the mayor or county judge or their designated representative shall take place within 30 days following notification. The site visit must occur before the incentive can be approved. The Texas Department of Housing and Community Affairs is authorized to obtain reimbursement from the applicant for a federal tax incentive for necessary travel and expenses at a rate not to exceed the federally authorized rate.
- 7. **Low/Moderate Income Housing Construction.** Out of the funds appropriated above, not less than \$500,000 each year of the biennium shall be expended on low/moderate income housing construction in enterprise zone areas.
- 8. **Low Income Assistance: Scoring Criteria.** It is the intent of the Legislature that the department add to its contract award scoring criteria for the construction, acquisition, or rehabilitation of single and multi-family housing, and for the operation of multi-family housing, a system that gives increased points for comprehensive services to low-income citizens, such as case management, home-buyer assistance, and family budgeting. The department is also encouraged to develop a sliding scale fee schedule for the low-income tax credit program and the 501c(3) bond program to encourage increased participation by non-profit entities such as community development housing organizations.

- 9. **Limitation on Expenditure.** Under Strategy A.1.4, Federal Tax Credits, no funds shall be used for processing or approving applications for allocations unless the department adopts or amends administrative rules containing the following:

- 5. Authorization: Sale of Agency-owned Buildings and Land. In order to ensure effective facility management in coordination with the local workforce development boards, the agency is hereby authorized to sell agency-owned buildings and land. Any such sale must be based on a finding by the commission that no other economically viable alternative exists, and specifically that operation within agency-owned or leased buildings would not be feasible. Furthermore, in order to accommodate sudden and unexpected fluctuations in federal funding, the agency is hereby authorized to sell agency-owned buildings and land as it deems necessary. The authority granted in this provision is contingent upon the filing of a written notice with the Governor's Office of Budget and Planning and the Legislative Budget Board at least 90 days prior to the planned date of sale and is subject to the disapproval of either office within 90 days after notification.
- 6. **Payment of Unemployment Benefits State Agencies.** It is the intent of the Legislature that the Texas Workforce Commission charge the Comptroller of Public Accounts only for unemployment benefits paid based on wages earned from agencies appropriated funds under the General Appropriations Act, and that agencies outside the General Appropriations Act be maintained as individual reimbursing employers.
- 7. **Smart Jobs Assessment.** On August 31 of each year the collection cost for the Smart Jobs assessment shall be transferred out of the Smart Jobs Fund 891 for the purpose of reimbursing the Federal Government for the cost of collecting the Smart Jobs Assessment. The Texas Workforce Commission is hereby appropriated an amount not to exceed \$75,000 per year for the 2002–03 biennium from balances on hand in the Proprietary School Tuition Fund Account No. 5019 in the General Revenue Fund for the purposes of paying expenses and refunds authorized by the commission under the provisions of Education Code § 132.242.
- 10. **Federal Funds Appropriated.** The appropriations herein made may be used to match federal funds granted to the state for the payment of personal services, travel and other necessary expenses in connection with the administration and operation of a state program of public welfare services. The Texas Workforce Commission is hereby authorized to receive and disburse in accordance with plans acceptable to the responsible federal agency, all federal moneys that are made available (including grants, allotments, and reimbursements) to the state and retain their character as federal funds for such purposes and all fees authorized by federal law, and to receive, administer, and disburse federal funds for federal programs in accordance with plans agreed upon by the Texas Workforce Commission and the responsible federal

Except as otherwise provided, all unexpended and unobligated balances in the area of child care remaining from appropriations for the first year of the biennium to the Texas Workforce Commission (TWC) are appropriated to the commission for the purpose of drawing down all available federal funds for child care. The commission may transfer unexpended and unobligated balances of General Revenue appropriations to Strategy B.2.1, Early Child Care, in order to match available federal child care funds, which are appropriated to TWC. TWC is not subject to the requirements of Rider 34 for federal child care funds matched with available General Revenue, although TWC should notify the Legislative Budget Board and the Governor of the amounts of additional General Revenue used as match and the federal child care funds matched in each year of the 2002–03 biennium.
- 13. **Donated Purchase Agreements.** In order to maximize the availability of state matching funds for federal child care funds and to encourage local child care planning and match participation, the commission shall use donated purchase agreements and other funding mechanisms, to the extent allowed by federal law and regulations.
- 14. Maximization of Child Care and Development Funds. It is the intent of the Legislature that the Texas Workforce Commission cooperate with cities, non-profit organizations, the Texas Education Agency and local school districts to obtain local match necessary to maximize federal funds for child care. In no event shall this provision be construed as an appropriation in excess of the amount appropriated above to the Texas Workforce Commission.

- 18. **Project RIO.** It is the intent of the Legislature that the Texas Workforce Commission, the Texas Department of Criminal Justice, and the Texas Youth Commission together enhance the effectiveness of Project RIO by improving cohesive program delivery among the three agencies. The agencies shall together develop and implement a biennial strategic plan for the implementation of a more cohesive and effective Project RIO program which will emphasize necessary skill development, rehabilitation and appropriate assessment of the offender prior to inmate release. Not later than March 1, 2002, the biennial strategic plan, jointly prepared by the three agencies, and including specific strategies, measures, timeframes for program improvement, and a methodology for program evaluation, shall be submitted to the Legislative Budget Board and the Governor. No later than December 1, 2001, the strategic plan, including specific strategies, measures, time frames for program improvement, and a methodology for program evaluation, shall be submitted to the Legislative Budget Board and the Governor.
- 20. **Earned Income Tax Credit Assistance.** Out of funds appropriated above, the Texas Workforce Commission shall assist recipients of Temporary Assistance for Needy Families (TANF) who become employed, and other low-income workers who may qualify for the credit under federal income and other requirements, to apply for the federal Earned Income Tax Credit.
- 21. **Employment and Child Care Programs in Rural Areas.** It is the intent of the Legislature that the Texas Workforce Commission and local workforce development boards cost-effectively expand the availability of employment and child care programs into rural areas.
- 22. Adult Education and Literacy Training.     the use and projected impact of the funds on performance measures with the Legislative
    Budget Board and the Governor and indicating that additional appropriations are required to
    maintain adequate levels of program performance; and,
